## Best-Loved Speciality Coffees

### Even more aroma for even more enjoyment

The Professional Aroma Grinder helps to create the perfect coffee that is second to none. Thanks to perfected grinder geometry, the quality of the grind is more consistent, and this performance is maintained over its entire service life. This optimizes aroma extraction and achieves an aroma increase of 12.2% compared to conventional grinders. Discover completely new sides to your favorite coffee speciality.

### Cappuccino made to perfection

With the proven Easy Cappuccino function, you can enjoy superb cappuccini at the touch of a button. The milk nozzle, which was specially developed for cappuccini, ensures uniquely soft, fine milk foam that perfectly complements the coffee and promises true perfection. The ultimate solution for cappuccino lovers.

### JURA is setting new standards in very simple operation

The clearly presented 2.8" colour display, six ideally placed buttons and an intuitive operating concept enable convenient operation of the E6, whether you want simple coffee preparation, to set individual preferences or use the self-explanatory cleaning functions. The E6 is also compatible with J.O.E.®, which allows you to prepare speciality coffees, set and store personal preferences and easily send your guests' coffee orders directly to the coffee machine from your smartphone.

### Sustainable design

With its quiet elegance, the design of the E6 reflects the unique technology hidden behind its timeless exterior. The linear geometry with sophisticated chrome accents ensures a distinct visual that focuses uncompromisingly on first-class coffee and blends harmoniously into any décor. Both in terms of the selection of specialities and its design, the E6 purposely avoids any excess that could distract from its true essence: The perfect cup of coffee.
